

RIVERTOWN.

SEPTEMBER 2018 · VOL II · ISSUE 1

A FAREWELL TO SUMMER

For the past one hundred days, we have travelled the region - hosting water balloon fights, attending music festivals, celebrating the summer in every possible way we could. From Yanceyville to Gretna, Martinsville to South Boston, we wanted to make this summer one of the most memorable ones yet.

We celebrated our one-year anniversary, camped out at Roosterwalk, partied at First Friday, snapped hundreds of photos & made countless memories and friends.

A huge thank you to all of our sponsors, partners & most importantly, you guys - our supporters, for making this summer such a success. Check out our Facebook & Instagram to all of our photos!

OUR RELAUNCH

Have you noticed some changes we've made over the past couple of months? A change in our logo and our social media handles? Over the summer, some big things have been happening behind the scenes of Rivertown. We are pleased to announce that we have rebranded ourselves to a creative agency. What does that mean? We now offer social media, marketing & creative services to small businesses and individuals! Need someone to run your business' Instagram? You've got it! Need headshots or a graphic designer? Contact us! Is the publication & podcast of Rivertown leaving? ABSOLUTELY NOT! We're excited to expand to different parts of our region, get to know new businesses & continue to promote the Rivertown we all love.
