SHADYS Install Instructions
Exterior Canopy Attachment For
Factory Standard Canopies.
EZ GO TXT & RXV Golf Cars

Step 1
Clean canopy with alcohol wipe and allow to dry. Apply primer sticks to area where Shadys will attach and let dry 15 minutes.

Step 2
Attach Velcro strip to Shadys, ensuring one end of Velcro is even with edge of Shadys, and cut excess strap from opposite end. Cut excess Velcro into two even pieces and attach each piece to front tip of Shadys as shown.

Step 3
Cut Velcro from corner areas and attach to handles as shown.

Step 4
Remove all Velcro strips from Shadys and attach to back, sides, and handles of canopy as shown.

Step5
Attach Shadys.

Step 6
Lift seat and attach Velcro square to inside compartment ensuring area is smooth, and clean of dirt and oil by cleaning with rubbing alcohol or other grease remover. Attach Shadys strap to Velcro and lower seat.
